Hi Charles, please post the documents in this subdirectory:

G:\Baker\Water and Watersheds\Drinking Water Unit\YVD – Charles

into a new subdirectory called “Peer Review” on the Yakima Nitrate FTP site at the location shown in the attached file. FTP site link:

ftp://ftp.epa.gov/reg10ftp/sites/yakima/EPA_2013_Report/

Thanks!
Eric

Note: I realize that item number 7 is missing from the list of files.... I’m going to add that file in later.
